

NEONATAL NURSES ASSOCIATION

# CAREER FRAMEWORK FOR NEONATAL NURSING

*Lora*

QUALITY IMPROVEMENT  
COACH

QI is all about understanding problems, thinking of solutions, implementing ideas and analysing the results. Everyone's voice is valued in QI. It's wonderful to see the passion and dedication nurses have to improve care for mothers and babies.

It's a challenge some days, but it's going to be increasingly important for the nurses of the future.
